# SITUATION SUMMARY

## NORTHERN OPERATIONS FIRES

### **Covelo, Vegetation Fire, Mendocino County – Final Per CAL FIRE**

Location: Community of Covelo, 14 miles NE of Laytonville, Mendocino County.

Jurisdiction: Local DPA, LRA/SRA

Start Time: 06/28/15 at 1330 hours

Per CAL FIRE and Cal OES Fire Duty Officer as of 06/29/15 at 0730 hours:

- Per the Cal OES Fire Duty Officer (FDO):
  - There were a total of three fires that all occurred at approximately the same time.
  - The Cemetery fire - 35 acres, 100% contained
- Continued commitment of CAL FIRE ground resources
- Fire Management Assistance Grant (FMAG) was submitted on 06/28/15 at 1628 hours. After review, it was determined that the incident does not meet FMAG criteria and has been placed on hold.

### **Structure Threats**

- Per the Cal OES Fire Duty Officer (FDO):
  - The Ledger Fire, one (1) destroyed outbuilding.
  - The Cemetery Fire, three (3) residences destroyed.

### **Pleasure, Vegetation Fire, Napa County – Final Per CAL FIRE**

Location: Steele Canyon Rd X Headlands Dr, Lake Berryessa, Napa County

Jurisdiction: Federal DPA, SRA

Start Time: 06/27/15 at 1251 hours

Per CAL FIRE as of 06/28/15 at 1748 hours:

- 19 acres, 100% contained

### Washington, Vegetation Fire, Alpine County

Location: Near Silver Peak, south of Markleeville, Alpine County

Jurisdiction: Federal DPA, FRA (Humboldt Toiyabe NF, NV-HTF-030251)

Per CAL FIRE and Cal OES Fire Duty Officer, and ICS-209 as of 06/28/15 at 1719 hours:

- 17,786 acres, 45% contained
- Fire activity predominantly fuel and slope driven
- Structure protection plan is in place for Markleeville
- Estimated containment date: 07/05/2015
- Fire has potential to approach Markleeville, additional threat to wildlife habitats
- Resources: 1,111 personnel assigned

### **Structure Threats**

- 250 single residences are threatened
- 1 single residence has been destroyed

### **Activations**

- Alpine County EOC is activated at on call status.

### **Evacuations/Shelters**

- Per the Cal OES Law Duty Officer, there are no evacuation orders for this fire at this time, with the exception of the campgrounds along the road closures, which have been evacuated. There are still no mandatory evacuations and priority is keeping the fire from reaching Markleeville, whose progress toward Markleeville has been slowed . The Alpine County Sheriff's Office (ACSO) has requested LEMA to assist with patrol duties and potential evacuations in the Markleeville area.
- ACSO has evacuated the following areas: Carson River Resort, Silver Creek Campground and area's below, including Centerville Flat, Wolf Creek Meadows, Hwy 4 along the East Fork of the Carson River and other dispersed campgrounds.
- Alpine SO did a precautionary notification of the Monitor Pass area.

### **Medical/Health**

- There is currently one impacted CDSS community care licensed facility, ROP Qualifying House Freel, 20545 State Route 89, Markleeville. Affected population: 3

### **Missions**

- **2015-Inland-13708:** Request for (1) Air Monitor to Alpine County.
- **2015-SREOC-13728:** Request for (1) Air monitor to northern Mono County.

# **SITUATION SUMMARY**

## **SOUTHERN OPERATIONS FIRES**

### **Lake, Vegetation Fire, San Bernardino County**

Location of Incident: Jenks Lake, Hwy 38, Barton Flats area

Jurisdiction: FRA

Start Time: 06/17/15 at 1600 hours

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 06/29/15 at 0542 hours:

- 30,726 acres, 60% contained
- Structure Threat: 5,962 single residences and 1,428 mixed commercial/residences threatened.
- Structures currently threatened in the areas of Rainbow, Lake Williams, Erwin Lake, Camp Oaks, Sugar Loaf and Baldwin.
- Fire Management Assistance Grant (FMAG) was submitted on 06/18/15 and after review by Cal OES, does not currently meet FMAG criteria and is on hold at this time.
- Per the Cal OES Southern Duty Officer: The United States Forest Service Burn Area Emergency Response (BAER) will be conducting aerial reconnaissance of risk areas in the Lake Fire to evaluate burn scar areas that may pose a risk to human life and property or could be destabilized or degraded causing debris flows/flash floods due to the National Weather Service forecast of monsoon thunderstorms and dry lightning June 28-30.
- Cal OES Mobile Command Vehicle 5266 is on scene.
- Resources: 2,236 personnel assigned

### **Deployments**

- A Cal OES Fire Division Assistant Chief is on scene at the ICP.

### **Activations**

- San Bernardino County OA EOC is activated at Level 1. The operational period is 0700-1900. The Southern Region San Bernardino County Territory Representative is at the EOC.

### **Evacuations/Shelters**

- The shelter site located at Copper Mountain College, has been closed per the California Department of Social Services.

### **Medical/Health**

- Until Further Notice - The Mojave Desert Air Quality Management District has issued a Smoke Advisory for Yucca Valley and Morongo Valley due smoke from the nearby Lake Fire.

### **Proclamations**

- San Bernardino County updated their proclamation of a local emergency with a request for a Governor's proclamation and a Presidential Declaration of a Major Disaster.

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- The Operation is transitioning from Response to Recovery.
- Per the Cal OES Southern Duty Officer: Santa Barbara EOC remains activated at a Level II for the Refugio Oil Spill.
- The Operational Period for the ICP is 06/26/15 to 07/10/15, 0600 hours to 0600 hours.
- The Southern Region Ports and Harbors Coordinator, Southern Region Management, and the Public Information Office are supporting the incident.

## **Refugio Response JIC Info**

Refugio Response Snapshot 06/22/15:

<http://www.refugioresponse.com/go/doc/7258/2523746/>

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

- Hot and dry conditions have primed fuels for enhanced fire danger can be expected through much of Northern California and the Eastern Sierras.
- Thunderstorms with little rainfall and gusty winds could cause fire starts and quick spread.
- Increasing moisture with storms could cause debris flows near burn scars as the weekend progresses.

## **WEATHER SYNOPSIS BY REGION:**

# **WEATHER**

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

Very hot afternoon high temperatures across interior northwest California will return on Monday and then persist through the work week. Late night and morning coastal cloudiness will give way to afternoon sunshine.

#### **Medford Weather:**

A weak trough will help keep temperatures somewhat lower today, but highs will still be 10 to 15 degrees above normal for this time of year. The trough will also produce a slight chance of showers through this morning, but any precipitation should move north by this afternoon. By the end of the week, a ridge of high pressure will be firmly in place over northern California causing temperatures to return to near record values by midweek, and the heat is likely to remain in place all the way through the holiday weekend.

#### **Reno Weather:**

Hot temperatures will return this week as high pressure strengthens over the Great Basin. Moisture will remain trapped underneath ridge and allow for at least a small chance of thunderstorms each afternoon.

#### **San Francisco Weather:**

Temperatures will continue to rise through Wednesday as a ridge of high pressure shifts westward over California. Temperatures will peak Wednesday with highs reaching into the low 100s over inland areas. A slight cool down is expected through the second half of the week. Monsoonal moisture will continue to advect northward across our area with a chance of isolated thunderstorms expected this afternoon.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

Warming will return today then very hot weather across much of the Sacramento Valley for the remainder of the week. Some Sierra thunderstorms may be present throughout the week.

#### **Hanford Weather:**

Monsoonal moisture continues to flow over the area producing showers and isolated thunderstorms to the desert and mountain/foothill areas through Thursday. Otherwise partly cloudy skies and above average temperatures continue to persist.

**SOUTHERN CALIFORNIA:**

**Los Angeles Weather:**

Upper-level high pressure will remain in place over the Great Basin for much of the week, carrying varying amounts of monsoonal moisture. This will bring a slight chance of thunderstorms to the mountains and deserts for most of the week. Temperatures are expected to be above normal, especially away from the coast, with slight cooling expected by the end of the week into the holiday weekend.

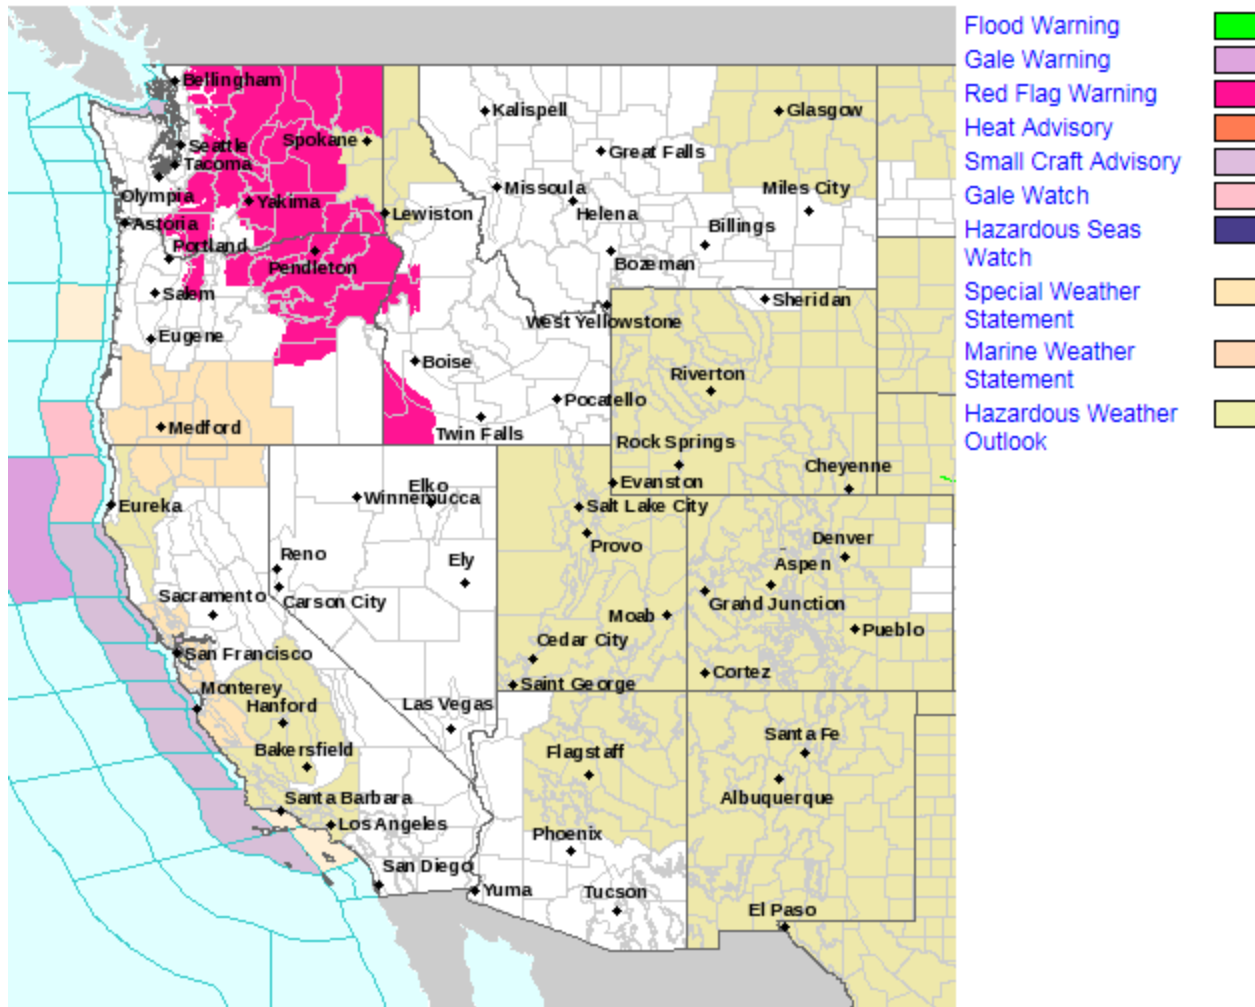

**Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

High pressure over the Great Basin and low pressure off the California coast will direct a flow of mid and high level monsoonal moisture across southern California for much of the week. This will support a chance of thunderstorms, mainly near the mountains in the afternoon, through Thursday or Friday followed by slow drying for next weekend. Temperatures will be above average through Wednesday then cool to near average for Thursday through next weekend.

**Southeast California Weather:**

There will be some opportunity for showers to affect lower elevation desert communities during the middle of the week; however the most likely outcome will only be gusty winds and some blowing dust. Afternoon temperatures will remain slightly above normal this week before moderating back down towards normal by the weekend.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regions (Inland, Coastal, Southern) will consolidate and have one collective OA drought call Monday's at 1100 hours beginning 07/06/15 facilitated by the SOC. Cal OES Director Mark Ghilarducci will hold a statewide OA drought call on 06/29/15 at 1000 hours.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought
